

Professional integration rate of over 85%

For our graduates

The UPPA student observatory (ODE) conducts professional integration surveys among our graduates of 2014 :

- * 88% of vocational degree graduates are in employment
- * 91% of Master's graduates are in employment
- * 95% of engineering graduates are in employment
- * 85% of PhD graduates are in employment

The ODE

Publishes results online from surveys on professional integration, notably including lists of the professions occupied by our former students. [More informations](#)
